## Description

Tamburo is a classic open-ended cylinder of handcrafted glass, a shape that will stand the test of time. Unlit, it appears as simply a textured surface like spun silk, but when lit the texture comes alive. The smooth satin finish on the clear outer layer is a result of an extensive etching process, with the texture of the subtle brushing. This blown glass is handcrafted by a skilled artisan, utilizing century-old techniques passed down from generation to generation.
