Short Description

BESA [Contact for availability](#), typically ships in 5-10 business days

9 Colors: Black Dicro wavey and Vine, Carrera, Copper Foil, Gold Foil, Bronze, Satin Nickle, Opal Matte, Silver Foil

Description

Divi has a classical bell shape that complements aesthetic, while also built for optimal illumination. Our Black Dicro Wavy glass is a blown glass with black striping on the glossy outside, and a technologically advanced dichroic coating applied to the inside. The coating contains multiple micro-layers of metals that create unique optical properties, which effectively alter both the reflected and transmitted light. So unlit, it appears like a mirror; when lit, it becomes translucent with an array of multicolored blue-purple effects.

Lamping

LAMPING
