Description

Nico 4 features a tapered drum shape that fits beautifully in transitional spaces. Our Stone Silver Foil glass is a clear blown glass with an outer texture of coarse sandstone, with distressed metal foil hand applied to the inside. Inspired by the elements of nature, the appearance of the surface resembles the beautiful cut patterning of a rock formation. This blown glass is handcrafted by a skilled artisan, utilizing century old techniques that have been passed down from generation to generation. Each piece of this décor has its own artistic nature that can be individually appreciated.
