The Bicycle Glass 147 glass shade has an elegant vertical ellipse shape that is the perfect addition to any home, be it classic or modern. This almond-shaped model was rescued from an antique cast-iron mold that was used for manufacturing in New York at the turn of the century. In keeping with our eco-friendly goals to re-use and recycle, the 147 has found a new home here at our studio and has become one of our most popular pieces.

This 100% recycled glass shade works well with traditional, transitional, beach, and modern or contemporary homes. The 147 glass shade is a moderate-sized piece with eye-catching appeal that works perfectly as single pendant lighting, chandeliers, sconces, and vanities.
