Description

The Hoppi features a wide cone-shaped glass, that demonstrates contemporary sensibilities. Our Mocha/Clear glass is a pressed glass that features a cream color that is marbled with brown. An arched clear rod acts an accent, beautifully playing with the illumination of the fixture. When lit this gives off a light that is functional and soothing. The smooth satin finish on the clear outer layer is a result of an extensive etching process. This handcrafted glass uses a process where every glass is consistently produced using a press mold, keeping variations to a minimum. The mini sconce is equipped with a decorative lampholder mounted to either a low profile round or square canopy.
