## Description

The Tay Tay is a compact handcrafted glass, softly radiused to fit gracefully into contemporary spaces. Our Carrera glass is a classic yet modern décor that gives off a soft white light. Clear molten glass is rolled in alabaster powder like frit, and then blown into shape with a semi-clear frosted white inner finish. This décor is created by rolling molten glass in small bits of white called frit. The smooth satin finish on the clear outer layer is a result of an extensive etching process. This blown glass is handcrafted by a skilled artisan, utilizing century-old techniques passed down from generation to generation. Each piece of this décor has its own artistic nature that can be individually appreciated. The vanity fixture is equipped with decorative lampholders, removable finials, linear rectangular housing, and a removeable low profile oval or rectangular canopy cover.
